

Online Training

Pinnacle Center for Professional Development endeavors to assist your organization in ensuring that your workforce is trained - to meet healthcare guidelines - in the Revenue Cycle, ICD-10 and Healthcare Compliance curricula. In addition, we offer courses in Microsoft Office 2013 and General Business Skills. The online training offered by Pinnacle Center for Professional Development has several advantages:

- ✓ Helps enhance your organization's bottom line through improved staff knowledge and increased productivity
- ✓ Cost effective
- ✓ Minimizes disruption to your workforce daily routine since it is available round-the-clock – with set timeframes to ensure that courses are completed in a time-effective manner
- ✓ Qualifies your staff who are members of AAPC, AAFP, ACCME, AHIMA, CCDS or ANCC to obtain CEUs for several Revenue Cycle/ICD-10 courses.

Organizations have the option to customize a curriculum for staff from 563 Healthcare, Compliance and General Business online modules available from Pinnacle Center for Professional Development.
